

HEALTH TRACKING ASSISTANT

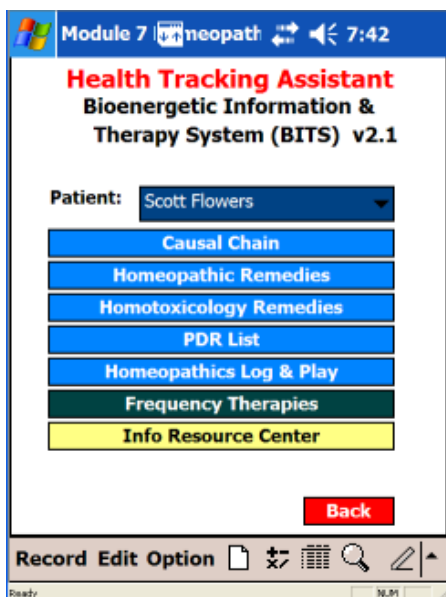

With the Bioenergetic Information & Therapy System (BITS)

- Record symptoms, medications, test results, treatments, use of alternatives, and much more in a daily log.
- Generate reports showing symptom history, trends, and the affects that medications, therapies, supplements, diet, etc. are having on overall health.
- And all of this is done on a Pocket PC PDA (Personal Digital Assistant)...so quick and simple.

This is an invaluable "Outcome Management" tool for Practitioners.

The BITS Module

- **Over 4,000 homeopathic remedies, right in the palm of your hand!**
- Need a remedy? Just search, find, and play the remedy from the PDA. Or plug the PDA into other devices such as a resonant light, bioresonance, LEDs, etc.
- Walks you through the complete Causal Chain step by step. When used with EAV, you can quickly build a custom Personal Digital Remedy for each patient.
- Run Nogier frequencies from this powerful Pocket PC.
- And there is the invaluable Information Resource Center that includes books, manuals, and documents such as a 5,200 page Naturopathy Encyclopedia and a Homotoxicology manual.
- Standard PDA features include Calendar, Contact List, Calculator, Email, internet browsing, music and videos, Word processing, Excel spreadsheets, voice recording memos, and more.
- Add-ons include a drug database that covers nearly 900 generics and 3900 trade names, and a guide to diagnostic tests that provides evidence-based information on the selection and interpretation of more than 350 laboratory, imaging and microbiology tests.
