hearing, loss of and otitis
heart meridian - acute, 1st choice
heart meridian - acute 2d choice
heart meridian - chronic
heart, arythmia (auxiliary)
heart, functional support
heart, functional support
heart, functional support in case of vitium cordis
hip joint problems with decreased mobility
hip joint problems with decreased mobility
hip joint problems with large intestine involvement
hip joint problems with large intestine involvement
hip joint problems with large intestine involvement
hormon system disorders, including sexual hormone production
hormonal disorders
hydrogen point, normalisation of
hydrogen-chloryd point, normalisation of
hyoid, correction of the position of the os hyoideum
hyperthyreosis, also in case of m. Basedow
hypertony (auxiliary)
hypertony (auxiliary)
hypophisis
hypotony
immune defficiency
immune deficiency, chronic
immune deficiency, functional, due to internal blocks
immune system, potencing
immune system, weakend against infections
implantation, post-operative treatment
implantation, post-operative treatment
implantation, post-operative treatment
implantation, preparational treatment
impotency, due to tissue damage after trauma
infantilism
infantilism
inflammation, normalizing local blood flow
inherited illnesses, constitutional treatment
injury, all kind of
injury, all kind of
inosit point, normalisation of
insuline-glucagon production control, auxiliary
insuline-glucagon production control, auxiliary
